Return Material Authorization FORM

WARRANTY AND GENERAL CONDITIONS:

ATech Elektronika d.o.o. guarantees FUMIS products against errors in material and workmanship for 1 year (unless differently agreed with the customer) after delivery with the exception of parts that are directly exposed to flames or fumes for which a 6 month warranty is applied. The warranty period starts on the day of delivery and is pending on the professional execution of the installation and parameterization of the electronics.

ATech Elektronika d.o.o. keeps the right to apply technical modifications without prior notice.

ATech Elektronika d.o.o. is not liable for wrong performance and injuries that are a consequence of:

External, chemical and physical influences during transport, storage, installation and use of Fumis products (as for example, but not limited to water leakage, exposure of the electronics to steam, exhaust fumes, ash and temperatures above the specification).

All the returned material must be packed in original packing, or in some other kind of packaging that protects the material against physical damages, otherwise the potential physical damages will be considered as transport damages and the complaint will be recognized as unjustified.

This RMA document must be field with clearly legible text and in English language!
